

Student Loan Benefits for all eligible Critical Need Positions

Augusta Health has partnered with Tuition.io to support the financial health of team members. Tuition.io provides in-depth education and comprehensive support to assist team members with their student loans.

Public Service Loan Forgiveness (PSLF) Support

- Support to help you make PSLF understandable and staying on track simple
- ALL TEAM MEMBERS are eligible for the financial wellness tools and coaching including Public Service Loan Forgiveness (PSLF) support and Tuition Assistance Administration.

Financial Wellness Tools and Coaching

Access a variety of financial wellness tools that will assist with loan forgiveness and managing your current student loan debt

Student Loan Repayment Assistance (SLRA) (*for eligible positions*)

Augusta Health will contribute \$350 per month of SLRA. Tuition.io makes the regular contribution for the team member sending payment directly to the loan servicer. Maximum repayment assistance is limited to \$5,250 per year as untaxed income.

Get help with Public Service Loan Forgiveness (PSLF)

PSLF is an existing federal program that forgives (tax-free) any remaining student loan balance for those who work full-time at a qualified not-for-profit and make 120 qualifying payments. (Augusta Health qualifies as an eligible employer for the PSLF Program.) Tuition.io guides team members through the complex process of determining PSLF eligibility and filing an application. All team members with student loans should apply for the PSLF to determine if they qualify.

Eligibility

Currently, the Student Loan Repayment Assistance (SLRA) program is offered to team members in eligible critical need positions:

- For Augusta Health Direct Care & Outpatient RN's and Clinical Respiratory Therapists, including PRN's who
- work a minimum of 1,040 hours annually; and direct care RN supervisors and RN managers of these eligible
- groups.
- Department-based Nurse Educators who are within the department and cost center and staffing are also eligible.

Getting Started

Look for an email invite to register or visit augustahealth.tuition.io/register and enter your Augusta Health email address to verify your employment. Create an account and follow the prompt to add your student loans and begin using the resources on Tuition.io.
