Choosing the Right Care Can Save You Time and Money

Knowing where to go for care makes a big difference — both in how quickly you're seen and how much you pay. Use the quick guide below to help decide when to visit your primary care provider, an urgent care clinic, or the emergency department. Choosing the right setting helps you get the right care at the right cost.

Where to Go for Care — and What It May Cost

Type of Care	When to Use	Typical Cost	Examples
Primary Care Provider (PCP)	For routine care, checkups, chronic condition management, or minor illnesses and injuries.	\$ Lowest cost	Annual physicals, prescription refills, cold/flu, follow-up visits
Urgent Care	When you need care quickly, but it's not a life-threatening emergency and your PCP isn't available.	\$\$ Moderate cost	Sprains, minor cuts, ear infections, mild asthma attacks, X-rays
Emergency Department (ED)	For serious or life-threatening conditions that require immediate attention.	\$\$\$ Highest cost	Chest pain, severe bleeding, broken bones, head injuries, trouble breathing

Tip: When it's not a true emergency, visiting urgent care or your primary care provider can save you time and money — but if it is a true emergency, always go to the Emergency Department or call 911.

Understanding The Provider Tiers

It's important to understand the difference between Tier 1 and Tier 2 networks, so you can make informed decisions when choosing healthcare providers and services.

Augusta Health Medical Benefit Plan Tiers

Tier	What It Means	Your Cost	Examples
Augusta Health Tier 1 Network	It consists of preferred providers who offer services at the lowest out-of-pocket cost. Choosing a Tier 1 provider means lower co-pays, co-insurance, and overall medical costs, helping you maximize the benefits of your medical plan while minimizing expenses.	Lowest out-of-pocket costs	Augusta Health providers, hospitals, and clinics
Aetna Tier 2 Network	It includes approved providers but at a higher cost compared to Tier 1. While you still receive coverage, you will have higher out-of-pocket expenses, such as increased co-pays or deductibles, when using providers in this tier.	Higher out-of-pocket costs	Other in-network hospitals, clinics, or specialists

How Your Benefits Work Behind the Scenes

To help manage your medical plan, Augusta Health partners with several trusted vendors.

- **Meritain Health (an Aetna company)** is our Third-Party Administrator (TPA) for the Augusta Health Medical Plan.
- **Medimpact** is our Pharmacy Benefit Manager (PBM) for the Augusta Health Medical Plan and manages your prescription drug coverage.

These vendor partners work behind the scenes with Augusta Health to ensure you have access to the care and coverage you need. You will see their names on your Medical Plan ID card and may appear on communication tools.

Ways to Save in 2026

- **Choose Tier 1 Providers:** Receive high-quality care at the lowest cost and maximize your plan's benefits by using Augusta Health Tier 1 providers.
- **Use Preventive Care:** Your annual wellness check and preventive care will continue to be covered at 100% when you use an in-network provider. Preventive care means routine screenings and exams to help you stay healthy. It's important to know that if additional non-preventive services (e.g., lab work, diagnostic tests, or treatment for a condition) are provided during the visit, those services are not considered preventive care and may be subject to your deductible, co-insurance, or co-pays.
- **Compare Costs with Rightway:** Use Rightway to find lower-cost options for lab work, imaging, and procedures. A Rightway health guide can help you navigate the healthcare system, identify lower-cost providers and resolve billing issues.
- **Use Urgent Care Instead of ER (When Appropriate):** For non-emergencies, urgent care centers are significantly less expensive than emergency rooms.
- **Choose Generic Medications:** Ask your provider or pharmacist about generic or cost-saving alternatives to brand-name prescriptions.
- **Take Advantage of Telehealth:** Virtual visits can be more affordable and save time compared to in-person appointments.
- **Stay In-Network:** Tier 1 Augusta Health in-network providers cost less than Tier 2.
- **Participate in the Augusta Well Together Program:** Work toward your best health and earn up to \$100 per quarter. Learn more at <https://investinginus.augustahealth.com/taking-care-of-us/>.
- **Use Pre-Tax Dollars with Benefits Savings Accounts:** Benefits savings accounts such as the Flexible Spending Account (FSA) and/or Health Savings Account (HSA) allow you to set aside pre-tax dollars to pay for eligible expenses.
 - **Dependent Care FSA:** Tax-free funds for eligible childcare expenses for dependents under age 13, or care for a spouse or adult dependent who is incapable of self-care.
 - **Medical FSA:** Tax-free funds for eligible out-of-pocket healthcare expenses like co-pays, deductibles, co-insurance, and eligible over-the-counter items.
 - **Health Savings Account (HSA):** Tax-free savings for medical expenses — available with Augusta Health's High Deductible Health Plan (HDHP) medical option.
 - **Limited Purpose FSA:** Covers dental and vision expenses for those enrolled in the Augusta Health HDHP medical option.

Preventive Exam Incentive Coming

in 2027: Prioritize your health in 2026 by completing a preventive wellness exam. In 2027, we'll introduce an incentive for team members who complete this important step in 2026.

Preventive care helps catch issues early and supports long-term wellness.

Health Savings Account (HSA)

An HSA is a tax-advantaged savings account that individuals can use to pay for qualified medical expenses. The IRS sets annual contribution limits for HSAs. To be eligible for an HSA, you must be enrolled in the Augusta Health High Deductible Health Plan (HDHP).

What Makes an HSA So Great?

Augusta Health will contribute to your HSA:

- \$1,000 for Team Member Only
- \$2,000 for Families (Team Member + Child/Children/Spouse/Family)

The combination of your contributions and your employer's cannot exceed the IRS limits per calendar year.

HSA IRS Contribution Limits for 2026

- Team Member Only: \$4,400
- Team Member + Child/Children/Spouse/Family: \$8,750

If you are age 55 or older, you can contribute an extra \$1,000 on top of the normal IRS limits.

Key Features

- The money you save in your account can be spent on qualified medical, dental, and/or vision expenses.
- The money you save stays with you if you change jobs. Just like any other bank account, unspent funds remain yours.
- An HSA is a great way to save for your immediate expenses and for retirement.
- The money in the account is available as it's deposited.
- You have the option to start, stop, or change your contribution per pay period.
- The IRS requires expenses to be substantiated (keep copies of your HSA receipts and documentation of expenses).

Take Advantage of Triple Tax Savings

1. Reduce your taxable income by contributing to an HSA.
2. Pay for qualified medical, dental, and/or vision expenses free of tax.
3. Earn tax-free interest on HSA dollars and invest tax free.

Note: You cannot have a Health Savings Account and:

- Be enrolled in Medicare, Medicaid, Tricare, or a non-HDHP plan (if you gain this coverage, you must stop contributions, but you can spend down any money in the account).
- Be claimed as another person's tax dependent.
- Have a Full Purpose Medical Flexible Spending Account — nor can your spouse, even if you are not participating in their medical plan and/or they are not enrolled with you.

Flexible Spending Account (FSA)

An FSA is a great way to save money. You never pay taxes on this money as long as you use it to pay eligible expenses, so it boosts your spending power. Flexible Spending Accounts must be reelected each year during Open Enrollment. You cannot stop or change your FSA contribution(s) during the plan year unless you experience a qualifying life event. There are three types of FSAs, as shown in the chart below.

	Full Purpose Medical FSA	Limited Purpose Dental and Vision FSA	Dependent Care FSA
Eligibility	Open to all benefits-eligible team members except those enrolled in Augusta Health's HDHP plan (or another HDHP medical plan)	Open only to team members enrolled in Augusta Health's HDHP medical option	Open to all benefits-eligible team members — note the dependent eligibility rules prior to electing

Funds Availability	Full annual election available day one	Full annual election available day one	Available as deposited

Pre-Tax Funding	Yes	Yes	Yes
2026 IRS Maximum Contribution	\$3,400 Maximum \$250 Minimum	\$3,400 Maximum \$250 Minimum	\$7,500 Maximum \$250 Minimum

Voluntary & Worksite Benefits

Employer Paid Life and Accidental Death & Dismemberment (AD&D) Insurance

Augusta Health's voluntary benefits offer additional coverage options and financial protection beyond our core benefits. These benefits are optional but can offer peace of mind for our team members and their families. Voluntary benefits include Life insurance, AD&D insurance, Hospital Indemnity insurance, and Critical Illness insurance, as well as short-term & long-term disability.

Augusta Health provides eligible team members (full-time or part-time scheduled to work at least 20 hours per week) Life insurance and AD&D insurance at no cost through Sun Life. Life insurance benefits provide income to your beneficiary(ies) to help meet expenses in the event of your death. AD&D insurance can provide income for you in the event of an accidental loss of limb or sight or for your family in the event of accidental death.

Basic Life coverage includes one times your annual earnings, subject to a maximum of \$150,000.

Basic AD&D coverage includes two times your annual earnings, subject to a maximum of \$300,000.

Supplemental Life and AD&D - Available for Team Members, Spouse, and Child(ren)

Elect for the minimum of \$10,000 up to a maximum of \$500,000 in supplemental Life Insurance or AD&D insurance through Sun Life. The guaranteed issue amount is the amount of insurance that you may elect without providing evidence of good health. If you enroll as a new hire, the guaranteed issue amount is the lesser of seven times annual earnings or \$500,000.

You may also elect to purchase coverage on the lives of your spouse and/or dependent children. Spouse benefit amounts are available for the minimum of \$5,000 up to a maximum of \$500,000 (not to exceed 100% of your team member Life or AD&D amounts). You may not elect coverage for your spouse if your spouse is covered as a team member under this policy. The spouse guarantee issue amount is \$50,000 and amounts over \$50,000 require medical evidence. Late enrollees must provide medical evidence. Children are qualified until they turn age 26. Also, unmarried children over the age of 26 who are disabled may be eligible if certain conditions are met. Child benefit amount: \$10,000 per child.

You have the option to purchase supplemental AD&D insurance coverage. For spouse AD&D, you have the option to purchase amounts in increments of \$5,000 from a minimum of \$5,000 to a maximum of \$500,000. For child(ren), AD&D is a flat amount of \$10,000.

Age Reductions: For most employer paid and voluntary insurance benefits, including Life insurance and AD&D insurance, the insured team member and/or spouse will have their coverage reduced by 50% at age 70. View each policy document for details on age-based rates and age-reduction rules.

Understanding Your Benefits

Before you dive in, take a moment to review these key terms. Knowing what each one means will help you better understand how your benefits work — from premiums and deductibles to coverage levels and out-of-pocket costs.

- **Premiums:** The amount deducted from your paycheck each pay period to keep your coverage active.
- **Deductible:** The amount you pay out of pocket each year before the plan begins to share costs for most services.
- **Co-insurance:** The percentage you pay for covered services after meeting your deductible (e.g., you pay 20%, the plan pays 80%). Example: For a \$100 lab test, you pay \$20 (20%), and the plan pays \$80 (80%).
- **Out-of-Pocket Maximum:** The most you'll pay in a year for covered services, including deductibles, co-pays, and co-insurance. After reaching this limit, the plan pays 100% of covered costs for the rest of the year. Example: Once you hit \$X,000, the plan pays all covered costs for the rest of the year.
- **Formulary:** The list of prescription drugs covered by your plan, often with different cost levels (generic, preferred brand, non-preferred brand).
- **Preventive Care:** Routine services like checkups, screenings, and vaccines covered at 100% when using in-network providers.
- **Flexible Spending Account (FSA):** Pre-tax dollars set aside from your paycheck to pay for eligible healthcare or dependent care expenses.
- **Health Savings Account (HSA):** A pre-tax account available with Augusta Health's High Deductible Medical Plan (HDHP). Funds roll over year to year and are yours to keep, even if you leave Augusta Health.
- **Prior Authorization:** Approval required from the plan before certain services or medications are covered to ensure they are medically necessary.
- **Explanation of Benefits (EOB):** A statement from your health plan showing what was billed, what the plan paid, and what you may owe. It's not a bill.

Plan highlights

Retirement is about being able to do what you want when you're ready to stop working. Whether you plan on traveling, taking up a new hobby, or spending more time with your family when you retire, chances are you're looking forward to it. And your Augusta Health Care 403(b) Plan and Augusta Health Care Retirement Savings 401(k) Plan are both great ways for you to save to help make such retirement dreams come true. This brochure is intended to highlight key differences in the plans.

Eligibility and enrollment

403(b) Plan

You may immediately enroll in this plan. You may also:

- Determine how much to contribute.
- Choose your investments from a broad range of asset classes.
- After your first paycheck you may enroll in this plan

This plan also features automatic enrollment, which means if you do not decline participation within 30 days, you will be automatically enrolled at a deferral rate of 1% of your eligible pay. Automatic enrollees who do not choose an investment allocation have their deferrals invested in the default fund — an age-appropriate target date fund-based on your date of birth.

401(k) Plan

Employee contributions are not allowed into the 401(k) Plan.

The employer match is based on any employee contributions to the 403(b) Plan made by part-time or full-time employees. Team members are 100% vested after three years of service with Augusta Health.

Contributions

403(b) Plan

- You may contribute between 1% and 75% of your annual eligible pay before taxes are deducted, up to IRS limits. If you are at least 50 years old, you are also eligible to make an additional pretax catch-up contribution, up to IRS limits.
- You are immediately 100% vested in your contributions.
- You may change your contribution amount at any time. You may roll over money to your account, in any amount, from another similar retirement plan. Refer to the summary plan description (SPD) for more information.

Contribution accelerator

An easy way to raise your contribution amount over time is through your plan's optional contribution accelerator feature. Here's how it works:

- You are automatically enrolled in this feature unless you opt out.
- Your contribution amount will increase by 1% annually up to a maximum of 75% of your pay.
- You can opt out of this feature at any time.

Roth contributions

Your retirement plan allows you to make Roth contributions to your 403(b) Plan account. Roth contributions combine the savings and investment features of a traditional pretax retirement program with the tax-free distribution features of a Roth IRA. If you meet certain requirements down the road, the Roth money you withdraw at retirement — and its investment earnings — won't be taxable. Earnings on Roth contributions will be taxed unless withdrawals are a qualified distribution as defined by the IRS. When deciding if you should make Roth contributions, consider these scenarios:

- If your tax rate will be higher in retirement than it is today, making designated Roth contributions may make sense for you.
- If your tax rate will be lower in retirement than in your working years, you may benefit more from making pretax contributions and deferring your tax obligation until retirement.
- With tax rates in retirement being uncertain, you may choose to diversify your taxation by making both pretax and Roth contributions to your retirement plan.
- To help you determine if Roth contributions are appropriate for you, visit empowermyretirement.com and enter your personal data into our Roth contribution calculator.

Accessing your money

You may be able to access money in your retirement plan account through a loan, in-service withdrawal, or hardship withdrawal.

Loans

- One loan at a time is available from each plan.
- You may borrow up to 50% of your vested account balance at any time.
- There is a \$75 application fee.
- For the 403(b) Plan, the interest rate is the prime rate +1%. For the 401(k) Plan, the interest rate is 5.5% (interest is paid to your account).
- The minimum loan is \$1,000, and the maximum loan is \$50,000 (minus the largest outstanding balance in the previous 12 months).
- The repayment period is zero to five years for a general purpose loan and zero to 15 years for a primary residence loan. Repayment takes place through payroll deduction.
- If the loan is not paid back in full, tax consequences will apply.

Any outstanding loan balance not paid back under plan rules after termination of employment becomes taxable in the year of default. Under the Tax Cuts and Jobs Act, for defaults related to termination of employment after 2017, the individual has until the due date of that year's return (including extensions) to roll over the outstanding loan amount to an IRA or a qualified employer plan.

In-service withdrawals

While employed, you may make age-59½ in-service withdrawals within plan restrictions. Please refer to your SPD for the specific sources allowed.

Hardship withdrawals*

A hardship withdrawal must meet one of these requirements:

- Purchase or construction of a principal residence
- Payment of higher education expenses (post-secondary education)
- Major medical expenses
- Prevention of eviction from or foreclosure on a principal residence
- Payment of funeral or burial expenses
- Repair of damage to a primary residence that qualifies for a casualty deduction

Once you take a hardship withdrawal, you will not be able to make contributions to the Augusta Health Care 403(b) Plan.

* Hardship withdrawals: The taxable portion of a withdrawal is taxed as ordinary income and will be subject to an additional early distribution penalty tax if you receive the withdrawal before age 59½. The total amount of the withdrawal may not be more than the amount required to meet your immediate financial need; however, you may have the option to “gross up” the amount you receive to cover taxes. You may want to consult with a tax professional before taking a withdrawal from the plan.

Retiring or leaving your employer

You will need to decide what to do with your vested account balance when one of these events occurs:

- Your employment with Augusta Health ends.
- You retire from Augusta Health at the normal retirement age of 65.
- You become permanently disabled.
- Your death – Your beneficiary is entitled to your account balance when you die; they are responsible for all federal income tax imposed. A distribution upon death may also be subject to federal and state inheritance and estate taxes.

In addition, distributions before age 59½ may be subject to an additional early withdrawal penalty tax.

Required minimum distributions (RMDs) are required to begin no later than April 1 following the end of the year in which you reach age 73 (age 75 if born 1960 or later).

Keeping it in the plan

When benefits become payable, your vested account balance will determine how your account is handled. Refer to the following schedule:

Your vested account balance	Impact
Less than \$1,000	Paid in a lump sum, regardless of prior selections [†]
Greater than \$1,000	Your money will continue to grow tax deferred in your account

[†] Standard 20% withheld.

Directly rolling it over

You can choose to move or “roll” money over into a qualified retirement plan or a traditional IRA. You may wish to discuss this matter with your tax advisor.

Consider all your options and their features and fees before moving money between accounts.

Having an account balance paid in the form of an annuity (403(b) Plan only) – An annuity pays you a regular income, usually monthly. This option spreads the tax burden over a period of years.

Lump sum

You may take a full lump-sum distribution. A 20% federal income tax may be applied. If you have not reached age 59½, you may be subject to a 10% early withdrawal penalty.

Investment options

The Augusta Health plans offer a variety of investments to choose from in a broad range of asset classes. You can decide how you want your account invested, and you may move money between investments at any time.

Prescription cost.

How much is the copay for my medication?

A: The copay for your medication depends on the medication type and your health plan.

Where can I get my prescription filled for the lowest cost?

A: The most affordable way to fill your prescriptions is at a pharmacy in your network. In-network pharmacies are contracted to fill your prescriptions, and you will pay the lowest cost for your medicine at a pharmacy in your network. To find an in-network pharmacy near you, use our Pharmacy Locator tool at www.medimpact.com.

Pharmacies.

Can I get my medication at a pharmacy that does not take part in my plan?

A: Yes, but it may not be at the lowest price possible. If you fill your prescription at an out-of-network pharmacy, you may have to pay a higher amount or even full price for your medicine.

Where can I find an in-network pharmacy?

A: MedImpact contracts with more than 62,000 pharmacies in the nation, which makes it easy to find a network pharmacy. Not all pharmacies will be included in your network, but finding a pharmacy that is in-network is easy. You can find an in-network pharmacy by searching the Pharmacy Locator tool at medimpact.com.

Medications.

What is a generic medication?

A: Generic drugs have the same active ingredients and dosage as their brand-name counterparts. The color, markings, or pill shape may look different. Generics are just as safe and effective as brand drugs and treat your condition the same way. Generics are often more affordable than brand-name drugs and can help you save money.

What is a specialty medication?

A: Specialty medications are often prescribed to treat complex or rare conditions. Some specialty medicines may need to be injected or require special handling. Your plan may require you to fill specialty medications at a specific specialty pharmacy.

Prior authorizations.

What is a prior authorization (PA)?

A: Your plan may require a review called a prior authorization (PA) before your medicine or healthcare service is covered by your plan.

To check on the status of a prior authorization, call MedImpact customer center toll-free, at 1-800-788-2949.

What is step therapy?

A: Step therapy is a type of prior authorization that requires you to try a more cost-effective and safe drug before a more costly drug will be covered.

MedImpact Direct Mail.®

What is MedImpact Direct Mail Program?

A: The Program includes Birdi™ as your mail pharmacy for home delivery of maintenance medications. Birdi delivers your maintenance medications (those you take regularly for an extended period of time) right to your door. Our goal is to make it as easy as possible for you to get the medications you need without having to go to a retail pharmacy.

> Health Savings Account

Why should I choose a health savings account (HSA)?

An HSA is a benefit that allows you to choose how much of your paycheck you'd like to set aside, before taxes are taken out, for healthcare expenses or use as a retirement savings tool. This plan offers tax savings that a 401(k) and IRA don't, making it a powerful option for diversifying your retirement portfolio.

It's yours

Think of your HSA as a personal savings account. Any unspent money in your HSA remains yours, allowing you to grow your balance over time. When you reach age 65, you can withdraw money (without penalty) and use it for anything, including non-healthcare expenses.

Flexibility

Save for a rainy day. Invest for your future retirement. Or spend your funds on qualified expenses, penalty free.

Easy to use

Swipe your benefits debit card at the point of purchase. There is no requirement to verify any of your purchases. We recommend keeping any receipts in case of an IRS audit.

Smart savings

The HSA's unique, triple-tax savings means the money you contribute, earnings from investments and withdrawals for eligible expenses are all tax-free, making it a savvy savings and retirement tool.

Investment options

You can invest your HSA funds in an interest-bearing account or our standard mutual fund lineup. Savvy investors may opt for a Health Savings Brokerage Account powered by Charles Schwab, giving you access to more than 8,500 mutual funds, stocks and bonds.

Can I enroll?

You must be enrolled in a high-deductible health plan (HDHP) in order to enroll in the HSA. You're not eligible for an HSA if:

- You're claimed as a dependent on someone else's taxes.
- You're covered by another plan that conflicts with the HDHP, such as Medicare, a medical flexible spending account (FSA) or select health reimbursement arrangements (HRAs).
- You or your spouse are contributing to a medical FSA.

What does it cover?

There are thousands of eligible items. The list includes but is not limited to:

- Copays, coinsurance, insurance premiums
- Doctor visits and surgeries
- Over-the-counter medications (first aid, allergy, asthma, cold/flu, heartburn, etc.)
- Prescription drugs
- Birthing and lamaze classes
- Dental and orthodontia
- Vision expenses, such as frames, contacts, prescription sunglasses, etc.

> Medical FSA

Why should I choose a medical flexible spending account?

A medical FSA is a benefit that allows you to choose how much of your paycheck you'd like to set aside, before taxes are taken out, for healthcare expenses. This saves you money by reducing your taxable income.

Funds on Day 1

Schedule that surgery, buy those eyeglasses or finally get those braces. All of your FSA funds are available to spend right away. Use your benefits debit card at the point of purchase.

Discount

Think of it like a discount on healthcare expenses at stores such as Amazon, Target, CVS, Walmart, Walgreens and more. Dollars you contribute are taken out of your paycheck before tax which means a \$100 purchase would actually cost you over \$130 without a medical FSA.*

Plan ahead

Think about the money you spent on healthcare expenses last year. Plan ahead and set those funds aside in a medical FSA and save 30%.*

*Based on a 30% tax bracket.

What does it cover?

There are thousands of eligible items, including:

- Copays and coinsurance
- Doctor visits and surgeries
- Over-the-counter medications (first aid, allergy, asthma, cold/flu, heartburn, etc.)
- Prescription drugs
- Birthing and lamaze classes
- Dental and orthodontia
- Frames, contacts, prescription sunglasses, etc.

View our interactive eligible expense list at

www.wexinc.com/insights/benefits-toolkit/eligible-expenses/

Can I enroll?

Yes, as long as you or your spouse aren't actively enrolled and contributing to a health savings account (HSA).

Fast fact

Don't know how much to elect? Determine how much you spent on healthcare expenses last year and estimate the amount you'll spend this year using our eligible expense list. Any funds you contribute to the medical FSA must be spent by the end of the plan year.

› Limited FSA

Why should I choose a limited flexible spending account?

A limited FSA is a benefit that allows you to choose how much of your paycheck you'd like to set aside, before taxes are taken out, for qualified dental, vision and preventative care expenses. It pairs well with a health Savings Account (HSA). This plan offers instant access to funds for expenses you incur throughout the year. And saves you money by reducing your taxable income.

Funds on Day 1

Buy those eyeglasses or finally get those braces. All of your FSA funds are available to spend right away. Use your benefits debit card at the point of purchase.

Discount

Think of it like a discount on healthcare expenses at stores such as Amazon, Target, CVS, Walmart, Walgreens and more. Dollars you contribute are taken out of your paycheck before tax which means a \$100 purchase would actually cost you over \$130 without a limited FSA.*

Plan ahead

Think about the money you spent on healthcare expenses last year. Plan ahead and set those funds aside in a limited FSA and save 30%.*

*Based on a 30% tax bracket.

What does it cover?

There are thousands of eligible items, including:

- Dental and orthodontia office visits and expenses
- Dental implants, veneers, dentures and bridges
- Optometrist and ophthalmologist visits and expenses
- Eye glasses, contacts, prescription sunglasses, solutions and drops
- Laser eye surgery

Can I enroll?

The limited FSA pairs nicely with a health savings account (HSA). However, a limited FSA cannot be paired with a medical flexible spending account (FSA). Pairing these plans allows you to spend your limited FSA dollars on eligible expenses while saving or investing your HSA dollars.

Fast fact

Don't know how much to elect? Determine how much you spent on dental and vision expenses last year and estimate the amount you'll spend this year. Any funds you contribute to the limited FSA must be spent by the end of the plan year.

> Dependent Care FSA

Why should I choose a dependent care FSA?

A dependent care FSA allows you to put aside a portion of your paycheck before taxes for eligible dependent care expenses each year.

Save money

The dependent care FSA lets you pay for eligible dependent care expenses while you reap the benefits of additional tax savings. You're spending the money either way. This way, eligible childcare and other dependent care costs are a little less.

Save strategically

Submit all of your dependent care expenses at the end of the plan year for one lump sum reimbursement to give yourself a hard-earned "bonus".

Fast Fact

For recurring costs, submit our Recurring Dependent Care Form. It makes claim filing simple because you only need to submit one form once in order to get reimbursed each pay period. You can find the form on the back of this handout.

What does it cover?

The list includes, but is not limited to, eligible:

- Childcare center, babysitter, nanny (birth through age 12)
- Summer day camp
- Before- or after-school care
- Disabled dependent and/or spouse care
- Elder care

Choosing a dentist

You may select the dentist of your choice. However, to get the most value from your dental benefits, make sure your dentist participates in the network listed at the top of your Delta Dental ID card. With Delta Dental PPO Plus Premier™, you have the option of visiting any dentist. However, your out-of-pocket costs may be lowest if you see a Delta Dental PPO™ network dentist and highest if you choose an out-of-network dentist. Delta Dental network dentists agree to discount their fees, submit claims on your behalf and not bill you for the difference. Visit DeltaDentalVA.com to find a participating dentist in your area.

If you visit an out-of-network dentist, Delta Dental will pay its portion of the bill and you are responsible for any coinsurance and deductible (if applicable), as well as the difference between the nonparticipating dentist’s charge and Delta Dental’s payment. Payment will be made to you, unless state law requires otherwise.

Frequently asked questions

What is my AD&D benefit?

We will pay your beneficiaries an Accidental Death insurance amount that differs from your Basic Life insurance amount, if you die from a covered accident. Additional benefits are available for accidental injuries (i.e., dismemberment) such as loss of limbs, fingers or sight. Refer to your Certificate for a full list of covered accidental injuries.

Can I take my insurance with me if I leave my employer?

Depending upon state variations and your employer's plan, you may have an option to continue group coverage when your employment terminates. Your employer can advise you about your options.

Can I access my life insurance if I become terminally ill?

You may apply to receive a portion of your life insurance to help cover medical and living expenses. This is called an "Accelerated Benefit" and there are some important things to know about it, including that it is not long-term-care insurance, it may be taxable and it may affect your eligibility for public assistance programs. It will also reduce the total amount of the life insurance payment we pay to your beneficiary(ies).

What happens if I become Totally Disabled?

If we determine that you are Totally Disabled and cannot work, your life insurance coverage may continue at no cost. You must meet certain requirements, as detailed in the Certificate.

How does my beneficiary file a death claim?

Your beneficiary(ies) and your employer will complete the appropriate claims forms and submit them to us. We will notify your beneficiaries when the decision is made and if we have any questions. If approved, beneficiaries may elect to receive a lump sum payment or to have the benefit paid into an account where the funds accumulate interest and can be withdrawn at any time. (State restrictions apply and options may vary by state.) If your AD&D claim for an accidental injury is approved, the benefit amount will be paid directly to you.

Important information

To become insured, you must meet the eligibility requirements set forth by your employer. Your coverage effective date will be determined by the Policy and may be delayed if you are not actively at work on the date your coverage would otherwise go into effect. Similarly, dependent coverage, if offered, may be delayed if your dependents are in the hospital (except for newborns) on the date coverage would otherwise become effective. Refer to the Certificate for details.

Limitations and exclusions

The below exclusions and limitations may vary by state law and regulations. This list may not be comprehensive. Please see the Certificate or ask your benefits administrator for details.

Life

In some states, your employer's group policy may exclude payment for suicide that occurs within a specific time period after the insurance or increase in insurance becomes effective. Please see your Certificate for details.

This Overview is preliminary to the issuance of the Policy. Refer to your Certificate for details. Receipt of this Overview does not constitute approval of coverage under the Policy. In the event of a discrepancy between this Overview, the Certificate and the Policy, the terms of the Policy will govern. Product offerings may not be available in all states and may vary depending on state laws and regulations.

Accidental Death and Dismemberment (AD&D) insurance

Augusta Health Care, Inc. | 966826

Protect your savings and your family

A serious accident can change the course of your life and leave you and the people you love with unexpected expenses. AD&D insurance provides financial protection if you or anyone on your plan suffers from a covered accidental injury or accidental death.

How it works

You have the opportunity to purchase additional Accidental Death & Dismemberment (AD&D) insurance, beyond what your employer has provided for you.

You are responsible for paying all or a portion of the cost.

Benefits

For you	<p>You can choose from \$10,000 to \$500,000—in increments of \$10,000, not to exceed 7 times your basic annual earnings.</p> <p>Benefits are reduced to 50% at age 70.</p> <p>Coverage ends at termination of employment or retirement.</p>
For your spouse	<p>If you elect coverage for yourself, you can choose \$5,000 to \$500,000—in increments of \$5,000.</p> <p>(Not to exceed 100% of your Elected amount.)</p> <p>Benefits are reduced to 50% when your spouse turns age 70.</p> <p>Benefit may be reduced when the employee benefit amount is reduced.</p>
For your child(ren)	<p>If you elect coverage for yourself, you can choose \$10,000.</p> <p>(Not to exceed 100% of your Elected amount.)</p> <p>Benefit may be reduced when the employee benefit amount is reduced.</p> <p>A full benefit is payable for a dependent child from birth to 26 years old.</p>

Reasons why you may need AD&D insurance

Provide financial support for you or others

Pay household expenses

Hire help for child or elder care

Funeral or medical expenses

You or your beneficiaries can use the benefit to pay for injury-related expenses or to help replace lost income—however way the money is needed.

Covered accidental injuries

You may receive up to 100% of your AD&D coverage amount for losses resulting from one accident, such as paralysis, speech or hearing loss, or thumb and index finger loss. If a covered accident results in your death, your beneficiary will receive 100% of your AD&D coverage amount.

This chart shows a partial list of AD&D insurance benefit amounts as a percentage of coverage. You may refer to the certificate for the full list of covered accidental injuries.

Benefits

Accidental injury	The plan pays
Accidental death	100%
Quadriplegia	100%
Loss of sight of one eye	50%
Loss of speech only or hearing only	50%
Loss of limb (arm or leg)	50%
Loss of thumb and index finger on the same hand	25%

Accidental Death and Dismemberment FAQ

Can I take my insurance with me if I leave my employer?

Depending upon state variations and your employer's plan, you may have an option to continue group coverage when your employment terminates. Your employer can advise you about your options.

How is my benefit claim filed and paid?

In the event of your accidental death or injury, you or your beneficiary(ies) and your employer will complete

the appropriate claims forms and submit these to Sun Life. Our claims examiners review the claim and gather additional information if necessary. We will notify you or your beneficiaries when the decision is made. If your death claim is approved, beneficiaries may elect to receive a lump sum payment or to have the benefit paid into an account where the funds accumulate interest and can be withdrawn at any time. (State restrictions apply, and options may vary by state.) If your AD&D claim for an accidental injury is approved, the benefit amount will be paid directly to you.

Read the important plan provisions section for more information including limitations and exclusions.

Important information

The following coverage(s) do not constitute comprehensive health insurance (often referred to as “major medical coverage”). They do NOT provide basic hospital, basic medical, or major medical insurance.

To become insured, you must meet the eligibility requirements set forth by your employer. Your coverage effective date will be determined by the Policy and may be delayed if you are not actively at work on the date your coverage would otherwise go into effect. Similarly, dependent coverage, if offered, may be delayed if your dependents are in the hospital (except for newborns) on the date coverage would otherwise become effective. Refer to the Certificate for details.

Limitations and exclusions

The below exclusions and limitations may vary by state law and regulations. This list may not be comprehensive. Please see the Certificate or ask your benefits administrator for details.

Accidental Death and Dismemberment

We will not pay a benefit that is due to or results from: suicide while sane or insane; injuring oneself intentionally; committing or attempting to commit an assault, felony or other criminal act; war or an act of war; active participation in a riot, rebellion or insurrection; voluntary use of any controlled substance/illegal drugs; operation of a motorized vehicle while intoxicated; bodily or mental infirmity or disease or infection unless due to an accidental injury; riding in or driving any motor-driven vehicle in a race, stunt show, or speed test.

This Overview is preliminary to the issuance of the Policy. Refer to your Certificate for details. Receipt of this Overview does not constitute approval of coverage under the Policy. In the event of a discrepancy between this Overview, the Certificate and the Policy, the terms of the Policy will govern. Product offerings may not be available in all states and may vary depending on state laws and regulations.

Frequently asked questions

How do I file an accident claim?

If you have an accident after the effective date of coverage, you can file a claim with us by downloading forms from our website. We'll ask that you and your doctor provide information about the accident and the treatment provided.

What happens once my claim is approved?

The benefit amount you receive will depend on your injury and/or the treatment provided. Remember, benefits are payable only once for each covered accident, unless noted otherwise in the benefit schedule.

Is there a time period that I need to follow?

Injuries and other related benefits due to a covered accident must be diagnosed or treated within a defined period of time from the date of your accident. This could be as few as three days for certain benefits. Please refer to your Certificate for details.

How do I get the Wellness Screening Benefit?

You may be paid the benefit when you or a covered family member submit proof of a covered screening each year, like specific blood tests and cancer screenings, cardiac stress tests, immunizations, school sports exams and more (may vary by state). Our wellness screening benefit claim form can also be downloaded from our website.

Can I take my insurance with me if I leave my employer?

Depending upon state variations and your employer's plan, you may have an option to continue group coverage when your employment terminates. Your employer can advise you about your options.

Is my benefit taxable?

If you or your employer pay for all or part of the cost of coverage on a pre-tax basis, some or all of your benefit amount will be tax reported on a Form 1099 as taxable income. Please reach out to a tax advisor or your employer if you have any questions.

Accident insurance is a limited benefit policy. The Certificate has exclusions that may affect any benefits payable. Benefits payable are subject to all terms and conditions of your Certificate.

Hospital Indemnity Insurance

IMPORTANT: This is a fixed indemnity policy, NOT health insurance

This fixed indemnity policy may pay you a limited dollar amount if you're sick or hospitalized. You're still responsible for paying the cost of your care.

Questions about this policy?

- For questions or complaints about this policy, contact your State Department of Insurance. Find their number on the National Association of Insurance Commissioners' website ([naic.org](https://www.naic.org)) under "Insurance Departments."

Healthcare Marketplace Notice

As you might be aware, nearly every U.S. citizen is now required by the Affordable Care Act (ACA) to have at least minimum health insurance coverage—through an employer, directly from an insurance company, through a government health plan or through the new federal- or state-operated Health Insurance Marketplaces.

You Are Covered if You Are Enrolled in One of Augusta Health's Medical Plans

Augusta Health proudly offers and shares in the cost of providing you with medical insurance coverage that meets and exceeds minimum essential coverage requirements as defined by the Affordable Care Act.

What Is a Health Insurance Marketplace?

A Health Insurance Marketplace is an online public shopping site where individuals, families and small business owners can shop for, and compare, health insurance coverage options that meet ACA requirements. Each state has a Health Insurance Marketplace. These Marketplaces are intended to enhance competition in the insurance market, improve choice of affordable health insurance and give small businesses the same purchasing clout as large businesses. The Marketplaces will perform a variety of functions, including certifying that plans meet ACA requirements, determining eligibility for enrolling and for subsidies to help buy coverage, and responding to customer requests for assistance.

Can I Save Money on my Health Insurance Premiums in a Marketplace?

You are free to explore your options. However, if you are a full-time employee and eligible for Augusta Health's health insurance coverage, it is unlikely you will save money on health insurance premiums in the Marketplace. August Health pays a substantial portion of the costs of your health insurance coverage, and you will lose that contribution if you purchase your insurance through the Marketplace. In addition, you are not likely to be eligible for tax credits because our coverage is affordable and exceeds minimum standards.

What If I Am Not Enrolled in an Augusta Health Plan?

You are required by law to enroll in a plan that meets ACA's minimum essential coverage requirements or pay a penalty.

How Can I Get More Information?

For more information about the Marketplaces, visit www.healthcare.gov or contact Augusta Health Human Resources at 540-332-4700.
